F A Q

HOW LONG WILL MY HEADSHOT SESSION TAKE TO COMPLETE? It depends on if you are getting makeup as well as how many wardrobe looks you are looking to do. For a one look session, arriving with your makeup already applied, expect to spend 30-45 minutes in your session.

WHAT SHOULD I WEAR? You should have a casual or business look depending on how you will be using your headshot. Wear clothing that will compliment your body to avoid any unnecessary editing in post production. We suggest staying away from patterns and designs unless it is a specific uniform design as well as white or light color tops or jackets.

CAN I HAVE SOMEONE ACCOMPANY ME TO MY SESSION? Yes, feel free to bring someone with you. All that we ask is that they are mindful that it is a working environment. Although we love to have fun during our sessions, too many voices/opinions regarding the direction of the shoot can make for a confusing environment. We ask that you please avoid bringing children (unless they are being photographed) and no more than one person with you to your session.

WHEN CAN I EXPECT MY PROOFS? Our goal is to deliver your session proofs to you within 2 to 3 business days.

HOW WILL I RECEIVE MY FINAL IMAGES? Your final images will be delivered to you in high resolution format via digital download. You will either receive an email containing your images or you will be sent a link for you to download your images directly to your computer.

HOW ARE PAYMENTS HANDLED? Payment is due in full at the time of contract signing.

WHAT HAPPENS IF I NEED TO RESCHEDULE? After booking, if you need to reschedule, there is a \$150 rescheduling fee.

WHAT IS NOT ALLOWED DURING THE SHOOT? There is absolutely no smoking or drinking allowed on the premises.

HOW DO I ARRIVE FOR MAKEUP? If getting your makeup done in studio, please arrive with a clean, fresh face.
